

APPLICATION FOR PERMIT
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Serial No. 16794

Date of first receipt and filing in State Engineer's office NOV 21 1955
Returned to applicant for correction
Corrected application filed

The undersigned Genevieve E. Jennings
of Las Vegas, County of Clark,
State of Nevada, hereby make^s application for
permission to appropriate the public waters of the State of Nevada, as
hereinafter stated. (If applicant is a corporation, give date and place
of incorporation.)

1. The source of the proposed appropriation is Las Vegas Artesian
Basin (underground)
Name of stream, lake, or other source

2. The amount of water applied for is 0.20 second-feet.
One second-foot equals 40 miners' inches

3. The water to be used for Air-conditioning (heating and cooling)
Irrigation, power, mining, manufacturing, domestic, or other use

4. The water is to be diverted from its source at the following point:
NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 12, Township 20 South, Range 60 East, M.D.B.&M. or at
Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land, it should be so stated.
a point from which the NW corner of said Section 12 bears North 67° 45'
30" West a distance of 2268.00 feet.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

- (a) Number of acres to be irrigated is _____
(b) Description of land to be irrigated _____
Describe by legal subdivision, or if on unsurveyed land it should

be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

- (c) Use will begin about _____ and end about _____, of each year.
Month Month

IF WATER IS TO BE USED FOR POWER, MINING, STOCK WATERING, OR OTHER USE, SUPPLY THE
FOLLOWING INFORMATION

- (d) Power to be developed is _____ horsepower.
(e) Place of use NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 12, Township 20 South, Range 60 East,
Give location of place of use by legal subdivision M.D.B.&M.
(f) Point of return of water to stream NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 12, Township 20
Describe in same manner as point of diversion
South, Range 60 East, M.D.B.&M. or at a point from which the NW corner
of said Section 12 bears North 68° 15' 10" West a distance of 2315.00 f
(g) State number and kinds of animals to be watered _____

- (h) Use will begin about Jan. 1 and end about Dec. 31 of each year.
Month Month

(i) Remarks _____

DESCRIPTION OF PROPOSED WORKS

These wells will be drilled to a depth of approximately 100 feet, and will be cased and cemented to this depth with perforations in both wells at the same level.

5. Estimated cost of works \$3000.00

6. Estimated time required to construct works 60 days.

7. Remarks These wells are to be used as air-conditioning wells, the source well and the return well will both be cased and cemented down approximately 100 feet. The water will be taken from the source well and pipe through the 100 Ton air-conditioning unit and returned to the source through the return well at the same level without consuming any of the water. These wells will be used for air-conditioning (heating and cooling) in conjunction with a convalescent home to be constructed on this site.

APPROVAL

OF STATE ENGINEER

This is to certify that I have examined the foregoing application,

and do hereby grant the same, subject to the following limitations and

This permit is issued subject to all existing rights on the source conditions. This source is located within an area designated by the State Engineer pursuant to Sec. 4 of the 1939 Ground-Water Act (Chap. 178, Stats. 1939 as amended); therefore the State retains the right to regulate the use of the water herein granted at any and all times. It is understood that the use is non-consumptive and is for air-conditioning. It is further understood that the water be returned through a return well to the same aquifer from which it is obtained and the perforations in the return well be so constructed to meet this condition; that the system be a closed system so that no pollution can occur and that if there is faulty construction of the wells or system so as to cause pollution to the ground water, the State Engineer is empowered to cause the wells to be plugged.

The amount of water to be appropriated shall be limited to the amount

which can be applied to beneficial use, and not to exceed 0.20

cubic feet per second.

Actual construction work shall begin on or before September 21, 1956

Proof of commencement of work shall be filed before October 21, 1956

Work must be prosecuted with reasonable diligence and be completed on or before September 21, 1957

Proof of completion of work shall be filed before October 21, 1957

Application of water to beneficial use shall be made on or before

September 21, 1958

Proof of the application of water to beneficial use must be filed with State Engineer on or before October 21, 1958

See Filed NOV 21 1955

WITNESS MY HAND AND SEAL this 21st day

Cancelled because of failure of applicant to comply with provisions of permit.

of March, 1956
